Foreword

This is the first occasion on which the name of Spink & Son Ltd. has appeared on the front cover of a Glendining and Company auction sale catalogue, and so a brief word of explanation may be of interest.

For a great many years Messrs. Spink & Son Ltd. have submitted material both in the form of major collections and individual coins to Messrs. Glendining and Company for auction and the very long association has been one of complete harmony and satisfaction.

It is mutually agreed, that in cases where Spink & Son Ltd. are responsible for compiling the catalogue and submitting a complete collection for auction, their name should properly be associated with the Auction sale on the front cover of the catalogue.

This same facility will, of course, be extended to other reputable numismatic firms where special catalogues such as this one are involved.

Glendining and Co.

Spink & Son Ltd.

Introduction

This sale contains a number of rare and important coins struck in the British Isles, but undoubtedly it will be remembered as a sale of Scottish gold coins. It is the best collection of Scottish gold coins to come on the market since the Lockett sale and it is unlikely that we shall ever again see such a selection offered in one sale. There are too many interesting pieces for us to single out here for individual mention, and there is really no need since all 135 pieces are illustrated and fully described in the Catalogue. Many of the coins are well known to students having been purchased from such collections as Bearman, Bute, Murdoch and Lockett. It is immediately noticeable that the late owner interested himself in die varieties, which should make this catalogue very useful to future students of the series.

There are a number of very important gold medals in this sale, and none more so than the beautifully executed oval piece by Simon Passe, of Charles, Prince of Wales. As for the rest of the sale, there are a number of rare Ancient British, Irish and Anglo-Saxon pieces but it will be the superb selection of siege pieces of Carlisle, Newark and Pontefract which will prove memorable to numismatists. There are a number of noteworthy varieties, the results of many years of search through dealers' trays. Amongst the Newark pieces are some of the controversial coins which appear to have been struck directly onto pieces of plate. However, having carefully examined them one can only agree with Dr J. P. C. Kent's suggestion that all the 'hallmarks' etc have been stamped on subsequent to coining.*

Since there are many important collections mentioned in this catalogue we have provided the following list of all the named collections and as far as possible the relevant background information.

End of Sale

Sale Catalogues

On the average we issue twelve or more Coin Catalogues and three Naval & Military Medal Catalogues each year, some of which are usually of Sales of important Collections.

Catalogue Subscriptions

Sale Catalogues, frequently illustrated, are normally posted to Subscribers about three weeks prior to the date of Sale.

Lists of 'Prices Realised' are issued after each Sale, thus given in books of reference, for changing times and fashions value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading. The Lists of 'Prices Realised' will probably be enclosed in a following Sale Catalogue.

Subscription Rates (*commencing from 1st January*)

Coin Catalogues and subsequent

list of Prices Realised £3.00 per annum

Naval & Military Medal

Catalogues and subsequent

list of Prices Realised £0.75 per annum

(Reductions for new subscribers commencing after 1st April.)

All subscriptions expire on 31st December, and renewal reminders are issued. Catalogues of past Sales cannot be supplied.

Air Mail

To allow subscribers resident outside Europe time to submit postal bids, Pre-Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and the cost must be borne by the Subscriber. In such cases an additional £2.00 should be sent as a deposit and we will advise when this is exhausted.
